

When Grandpa Forgets

Sometimes when I visit Grandpa

He doesn't remember my name

So I try to make it fun for him

And we play a little game

I tell him my name has 5 letters

And that it begins with an E

And it sounds a bit like what we are

Elephants, you see

But if he still can't remember

Who I am or what's my name

It doesn't really matter

Cause I love him just the same
